

SH-AVM

AUDIO VERIFICATION MODULE

INSTRUCTION MANUAL
P/N XXXXX (D.Z)

PRODUCT FEATURES

The SH-AVM is an indoor audio verification module.

Upon transmission of an alarm signal, the SH-AVM provides remotely controlled and full duplex functionality between a central station operator and the occupants of the premises.

Receiving audio verification simultaneously with the alarm signal allows the CMS to prioritize and verify alarms before acting, making the SH-AVM the ideal solution to false dispatching and unverified alarm problems.

Up to 4 modules can easily be installed in any convenient location in your home.

- DECT Universal Standards
- Push-Button for speed dial emergency call (up to 4 numbers)
- Push-Button for regular call (1 number)
- 500m open space
- 5V supplied from wall mount adaptor
- Built-in rechargeable 3.7V battery for 1 week backup

PRODUCT OVERVIEW

Front View:

Figure 1

Rear View:

Figure 2

BRACKET REMOVAL

Figure 3

1. Push the latch located on the bracket
2. Slide Up the unit device

WALL MOUNTING

Figure 4

Use supplied screw to mount the bracket on the wall

Check that the base is flat against the wall to facilitate the unit device insertion into the wall bracket.

DEVICE INSTALLATION

Figure 5

- 1 Slide down the unit device into the bracket
- 2 Plug the USB cable to power the device
- 3 Test the device as indicated in section "Testing the Device"

PAIRING PROCESS

For pairing process, please refer to your control panel instructions.

To pair your Voice module, please proceed as follows:

1. Install the module as indicated on figure 1, 2 and 3.
2. Log into web installer interface and go to "Communication > DECT Learning"
3. Enable the DECT option
4. Press the Pairing button on the back side of the device (figure 2).
5. When the Green LED (Regular Call symbol) starts blinking release the pairing button.
6. Pairing Stage 1 & 2 process is starting. Wait until completion
7. The device should register to the Control Panel.

If registration process failed, the Red LED will blink. Remove the battery, wait for few seconds (~10sec) and repeat the learning process

WARRANTY POLICY CERTIFICATE																									
<p>Crow warrants these products to be free from defects in materials and workmanship under normal use and service for a period of 24 months from the last day of the week and year whose numbers are printed on the printed circuit board inside these products.</p> <p>Subject to the provisions of this Warranty Certificate, during the Warranty Period, Crow undertakes, at its sole discretion and subject to Crow's procedures, as such procedures are from time to time, to repair or replace, free of charge for materials and/or labor, products proved to be defective in materials or workmanship under normal use and service. Repaired products shall be warranted for the remainder of the original Warranty Period.</p> <p>All transportation costs and in-transit risk of loss or damage related, directly or indirectly, to products returned to Crow for repair or replacement shall be borne solely by the Purchaser.</p> <p>This Warranty Certificate does not cover products that is defective (or shall become defective) due to: (a) alteration of the products (or any part thereof) by anyone other than Crow; (b) accident, abuse, negligence, or improper maintenance; (c) failure caused by a product which Crow did not provide; (d) failure caused by software or hardware which Crow did not provide; (e) use or storage other than in accordance with Crow's specified operating and storage instructions.</p> <p>There are no warranties, expressed or implied, of merchantability or fitness of the products for a particular purpose or otherwise, which extend beyond the description on the face hereof.</p> <p>This limited Warranty Certificate is the Purchaser's sole and exclusive remedy against Crow and Crow's sole and exclusive liability toward the Purchaser in connection with the products, including without limitation - for defects or malfunctions of the products. This Warranty Certificate replaces all other warranties and liabilities, whether oral, written, (non-mandatory) statutory, contractual, in tort or otherwise.</p> <p>In no case shall Crow be liable to anyone for any consequential or incidental damages (inclusive of loss of profit, and whether occasioned by negligence of the Crow or any third party on its behalf) for breach of this or any other warranty, expressed or implied, or upon any other basis of liability whatsoever.</p> <p>Crow does not represent that these products can not be compromised or circumvented; that these products will prevent any person injury or property loss or damage by burglary, robbery, fire or otherwise; or that these products will in all cases provide adequate warning or protection.</p> <p>Purchaser understands that a properly installed and maintained product may in some cases reduce the risk of burglary, fire, robbery or other events occurring without providing an alarm, but it is not insurance or a guarantee that such will not occur or that there will be no personal injury or property loss or damage as a result. Consequently, Crow shall have no liability for any personal injury; property damage or any other loss based on claim that these products failed to give any warning. If Crow is held liable, whether directly or indirectly, for any loss or damage with regards to these products, regardless of cause or origin, Crow's maximum liability shall not in any case exceed the purchase price of these products, which shall be the complete and exclusive remedy against Crow.</p>		 <p>sales@crow.co.il support@crow.co.il</p> <p>www.thecrowgroup.com</p> <p>These instructions supersede all previous issues in circulation prior to April 2019</p>
