

DECT ULE-SPLG

AC Smart Plug

CR-DU-SPLG EURO

ELECTRONIC ENGINEERING LTD.

INSTALLATION INSTRUCTIONS

P/N 7100980 REV. A (O.Z.)

Issue Date: Nov. 10th, 2015

INTRODUCTION

This DECT ULE SPLG is an advanced, fully supervised low-current wireless device including a DECT ULE transceiver for reliable system operation.

This DECT ULE SPLG uses smart message control, which verifies that all messages are successfully transmitted, so that no On/Off event will be lost.

This DECT ULE SPLG detector includes series of messages for full communication administration (Keep Alive, Configuration, On/Off, Metering etc.) as well as test transmission signals.

FEATURES

- DECT ULE RF protocol.
- Low current Technology.
- Frequency Band: All DECT Standard Bands.
- On/Off transmission.
- Metering transmission.
- Keep Alive transmission.
- Bi-Color LED indications On/Off & Pairing.
- Range up to 500m on open space.
- Remotely configurable.
- Friendly Pairing and Installation processes.
- Built in Child Protection.
- Manual and Remote ON/OFF capabilities.
- Zero Crossing Switching.
- Lighted Button and Switch Status Bi-Color Indication.
- After Power Cycle State (configurable – On/Off/Last state).
- EURO model – AC220V-240V/50Hz – CEE 7/4 – German "Schuko" – Type F.

OPERATION

The DECT ULE SPLG transmits the following events data:

KEEP ALIVE – A periodical transmission indicating detector's presence. The time interval is configurable – the minimum value is 3 seconds.

On/Off – Every press on the button toggle the device state from On to Off and vice versa. Any status change causes a transmission to base with the updated status.

Metering – Every few seconds the device reports on several network electrical parameters like: Real Power, Voltage, Current, Frequency and more.

FIGURE 1 – DEVICE FRONT VIEW

PAIRING PROCESS

1. Insert the DECT ULE SPLG into the wall outlet and wait till the Red light in the ON/OFF button will stop blinking.
2. Initiate the Base Station pairing process.
3. Initiate the device pairing process by pressing the ON/OFF button for 5 seconds. The On/Off logo will constantly light Green. Logo Green light starts blinking release the On/OFF button.
4. The device should register to the Base Station.
5. When registration process is successfully completed the Power logo will constantly light Green for 3 seconds and then turn off.
6. If registration process failed the Power logo will blink Red. Remove the DECT ULE SPLG from the wall outlet, wait for few seconds and rerun the pairing process again.

TRANSMISSION TESTS

Identification transmission test –

Use your Application / Base Station and send Identification Request to the device. The device will start blinking the Green & Red LEDs alternately – 5 times each LED starting with the Green LED.

WARNING!!!

Changes or modifications to this equipment not expressly approved by the party responsible for compliance (Crow Electronic Engineering Ltd.) could void the user's authority to operate the equipment.

REGULATORY APPROVALS

- T.B.D.

TECHNICAL SPECIFICATIONS

RF Protocol	DECT ULE Standard
Modulation Type	GFSK
Frequency	1880–1900 MHz - Europe
Event Transmission	Keep Alive, Metering.
Range in open space	>500m
Transmit Power (Typ.):	23dBm
Operating temperature	-10°C to +55°C
Dimensions	102mm x 51mm x 74mm
Weight	126 gr.

CROW ELECTRONIC ENGINEERING LTD. ("Crow") - WARRANTY POLICY CERTIFICATE

This Warranty Certificate is given in favor of the purchaser (hereunder the "Purchaser") purchasing the products directly from Crow or from its authorized distributor.

Crow warrants these products to be free from defects in materials and workmanship under normal use and service for a period of 24 months from the last day of the week and year whose numbers are printed on the printed circuit board inside these products (hereunder the "Warranty Period").

Subject to the provisions of this Warranty Certificate, during the Warranty Period, Crow undertakes, at its sole discretion and subject to Crow's procedures, as such procedures are from time to time, to repair or replace, free of charge for materials and/or labor, products proved to be defective in materials or workmanship under normal use and service. Repaired products shall be warranted for the remainder of the original Warranty Period. All transportation costs and in-transit risk of loss or damage related, directly or indirectly, to products returned to Crow for repair or replacement shall be borne solely by the Purchaser.

Crow's warranty under this Warranty Certificate does not cover products that is defective (or shall become defective) due to: (a) alteration of the products (or any part thereof) by anyone other than Crow; (b) accident, abuse, negligence, or improper maintenance; (c) failure caused by a product which Crow did not provide; (d) failure caused by software or hardware which Crow did not provide; (e) use or storage other than in accordance with Crow's specified operating and storage instructions.

There are no warranties, expressed or implied, of merchantability or fitness of the products for a particular purpose or otherwise, which extend beyond the description on the face hereof.

This limited Warranty Certificate is the Purchaser's sole and exclusive remedy against Crow and Crow's sole and exclusive liability toward the Purchaser in connection with the products, including without limitation - for defects or malfunctions of the products. This Warranty Certificate replaces all other warranties and liabilities, whether oral, written, (non-mandatory) statutory, contractual, in tort or otherwise.

In no case shall Crow be liable to anyone for any consequential or incidental damages (inclusive of loss of profit, and whether occasioned by negligence of the Crow or any third party on its behalf) for breach of this or any other warranty, expressed or implied, or upon any other basis of liability whatsoever. Crow does not represent that these products can not be compromised or circumvented; that these products will prevent any personal injury or property loss or damage by burglary, robbery, fire or otherwise; or that these products will in all cases provide adequate warning or protection.

Purchaser understands that a properly installed and maintained product may in some cases reduce the risk of burglary, fire, robbery or other events occurring without providing an alarm, but it is not insurance or a guarantee that such will not occur or that there will be no personal injury or property loss or damage as a result.

Consequently, Crow shall have no liability for any personal injury; property damage or any other loss based on claim that these products failed to give any warning.

If Crow is held liable, whether directly or indirectly, for any loss or damage with regards to these products, regardless of cause or origin, Crow's maximum liability shall not in any case exceed the purchase price of these products, which shall be the complete and exclusive remedy against Crow.
