

# SOLAR-IP

## SOLAR PANEL FOR IP CAMERAS

The SOLAR-IP is a cost-effective and sustainable solution for our wire-free IP cameras providing alternative energy source eliminating the need for a constant power source, such as electricity or batteries. This makes solar-powered IP cameras ideal for remote locations where traditional power sources may not be available.

The SOLAR IP can be installed on a pole or wall.

### KEY FEATURES

- Solar panel for battery operated cameras OUTDOOR-IP1 and OUTDOOR-IP2

### Specification
